### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Konneker on 09/28/04.

The application has been amended as follows:

#### In the claims:

Claim 1 has been amended to delete the phrase "such as a water heater storage tank".

Claim 24 has been amended to correct a typographical error, "opposit4e" has been replaced by "opposite".

Claim 38 has been amended to delete the phrase "such as a water heater storage tank".

### ***Allowable Subject Matter***

Claims 1-43 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach to one of ordinary skill in combination with the other limitations of the independent claims a method of insulating a tank with expanding foam, comprising the step of causing a small portion of the foamed-in insulation to be forced out through metering holes and subsequently hardened, and interlocking a second application of foam with the hardened

protrusions. The prior art is replete with teachings, as is discussed by applicant, of methods of foamed-in expanding foam insulated tanks wherein a bag is used to control the distribution of the foam, however the prior art fails to suggest an interlocking of foam layers via hardened protrusions formed by foam expanding through metering openings in the bag. Further the prior art fails to teach the method of claim 38 wherein the flowable insulation is forced into a bag having a vent opening allowing the bag to be packed under pressure, rather than free rise expansion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thor S. Campbell whose telephone number is 703-306-9042. The examiner can normally be reached on Tue-Fri 5:30AM-4:00PM.
